

Strategic decisions for a quality primary education

- 1** Prioritise long-term investment in early learning and primary education.
- 2** Ensure government funding per student facilitates an education of the highest quality for every primary student.
- 3** Target funding towards those who need it most.
- 4** Support the growth, development and wellbeing of school leaders.
- 5** Lessen the size and scope of the primary curriculum.
- 6** Replace whole cohort national testing with a sample testing regime.
- 7** Remove NAPLAN results from the My School website.
- 8** Make Teacher Education courses and practicums rigorous and demanding.
- 9** Rid principals and teachers of unnecessary and burdensome bureaucratic demands.
- 10** Engage with key national principals' associations.
