

Primary Education Summit

Investing earlier.
Working together.
Improving children's
outcomes.

📅 Tuesday, 26 May 2026

📍 Great Hall, Australian Parliament House

One year on – where to next?

Strengthening the Foundations: Collaboration for Australia's Next Generation

Building on the momentum of the 2025 Primary Education Summit, we move from conversation to collaboration, focusing on what must happen next for Australia's future. Investing in primary schooling and early education is both a moral and economic imperative.

This Summit brings together leaders across sectors to strengthen coordinated action for children and families. Together, we will advance shared priorities and connect them to the aspirations of the Mparntwe Declaration, shaping a nation where every child is supported to thrive.

Join the conversation with key speakers, including Professor Frank Oberklaid AM (*Thriving Kids*), Professor Robyn Gillies (UQ), Stephen Gniel (ACARA), Tim Bullard (AITSL), Kristen Douglas (Headspace) and Dyonne Anderson (NATSIPA).
