

2026 Primary Education Week

3-7 August 2026

Primary education shapes Australia's future!

Primary schools are where children develop the knowledge, confidence, curiosity and relationships that last a lifetime.

During this week, we're celebrating the remarkable learning, care and leadership happening in primary schools across Australia.

Open our doors. Share our stories. Celebrate the power of primary education. Investing in primary education is investing in Australia's future.

**Celebrating Australian Primary Principals
Day on Friday, 7 August 2026!**
